

## C and C Pneumatics - expert guidance, and delivering tailored solutions

C and C Pneumatics is one of the leading providers of Pneumatic and Pump solutions in Ireland, our service goes beyond supply. We take time to understand your needs, offer expert guidance, and deliver tailored solutions to our extensive customer base. With responsive support and a customer-first approach, we provide the right solutions — and the confidence of knowing we are with you every step of the way.

With decades of experience in Pneumatics and Diaphragm Pumps, we don't just supply parts — we deliver solutions. Our knowledge and experience helps us understand complex requirements and provide cost-effective solutions that keep businesses moving. From sourcing specialised parts to offering tailored advice, we ensure reliability and efficiency.

C&C Pneumatics are the distributor for

Alphadynamics pumps. Discover our premium range of industrial pumps including Ruby AODP, RubyShine FDA, Nayara peristaltic pumps, magnetic drive pumps—designed for efficiency, reliability, and FDA compliance across industries. We are also the sole distributor for the Pneumax product range in the Republic of Ireland. Our comprehensive product range of control valves, actuators, air preparation equipment, tubing and fittings conform to all the required VDMA and ISO standards offering a 'total solution' for your pneumatic requirements.
